

TALISON LITHIUM PTY LTD

ABN 15 140 122 078

ENVIRONMENTAL POLICY STATEMENT

Talisson understands that its operations have environmental impacts and that it has obligations to the community and future generations.

Talisson also recognises that environmental performance relies upon education to improve the awareness and responsibility of all employees and contractors.

As a minimum, Talisson's operations are to be conducted in compliance with all applicable environmental obligations. Further, Talisson commits to continual improvement of environmental performance and protecting the environment by:

- Integrating environmental, social and economic considerations into project planning, exploration, operations, rehabilitation and decommissioning;
- Implementing environmental controls and strategies to identify, minimise and, wherever possible, avoid environmental harm arising from operations;
- Monitoring relevant environmental parameters;
- Auditing and reporting environmental performance;
- Preventing pollution by minimising emissions and the generation of waste and disposing of wastes in an environmentally responsible manner;
- Communicating openly with stakeholders and particularly the community about environmental management;
- Provision of sufficient training and resources for effective environmental management; and
- Provision of a framework for setting and reviewing environmental objectives and targets.

Talisson promotes a culture where environmental management is a core value.

Talisson is a pro-active environmental manager that consults with all its stakeholders to ensure it operates as a responsible corporate citizen.

Lorry Mignacca
